Cub Pack 1031
Rolling into Fall

We finally got our biking event off in late August after rain delays. Congrats to three Tiger Scouts who earned Rolling Tigers for learning bicycle safety! In early September we built Raingutter boats out of plastic water bottles and raced them down a rain gutter. The scouts were great about adapting their boats using supplies on hand. Congratulations to eleven of our scouts who earned the Summer-time Activity award!

We are beginning our new scout year and are reaching out to families with both boys and/ or girls, grade Kindergarten to 5th grade, who want to do family scouting.

We will be having our Join Scouting Night CUB PACK 1031 continues on page 6

Patuxent Volunteers Receive Governor’s Citation

by Bobbie Doegan

The August 24th meeting of Maryland’s Board of Public Works opened with Governor Larry Hogan presenting several of Patuxent Research Refuge’s most dedicated volunteers with a Governor’s Citation “on behalf of the citizens of this State in recognition of [their] commitment to Patuxent Research Refuge.” State Comptroller Peter Franchot and State Treasurer Nancy Kopp also expressed their grateful thanks to the volunteers.

- Frank McGilvrey has donated more than 26,000 hours of service since he started volunteering at the refuge in 1996, participating in concessions available for purchase. The event will include 24 games and door prizes. There will be BELTSVILLE BRIEFS continues on page 7

Laurel Mill Playhouse Closes Out its Season with Mystery and Music

By Rick Bergmann

The Laurel Mill Playhouse located on Historic Main Street in Laurel has been producing quality shows for the last 35 years. They produce 12 shows a year (sometimes more) that range from comedies and dramas to musicals and children’s theater. They also exhibit the work of local playwrights looking for their first big break. As the 2018 season comes to a close they are gearing up for two distinctly different but always entertaining productions, Agatha Christie’s The Spider’s Web and Oliver! the musical.

The Spider’s Web is one of the few Agatha Christie Pieces that began life as a play as opposed to a novel. It is a conscious parody of the detective thriller, in which Christie delivers a unique blend of suspense and humor. There is equal parts of tension and laughter woven into the complex plot of murder, police, drug addicts, invisible ink, hidden doorways and secret drawers. It is a great time at the theater and features many local actors and artists. Show dates run October 17th at 7:00 pm. October is “Fire Safety” month, and we will have a presentation that includes fire safety, updated on smoke and carbon monoxide alarms and emergency preparedness.

There will be a bi-partisan candidate’s forum on Monday, October 1st at 6:30 pm it is sponsored by Beltsville, Calverton, and Vanesville Heights Citizens Associations as well as the Greater Beltsville Business Association. The County Council at Large Candidates, Maryland State Senate, and House of Delegates candidates have been invited. The County Council at Large seats will be two more voices for the Beltsville community. Over the summer months, there were several conversations on NextDoor about what is wrong with Beltsville. Why county and State agencies seem to by-pass Beltsville. Our future elected officials need to see Beltsville residents care and that we will show up. The forum begins with an informal meet and greet with the candidates. The questions begin at 7:00 pm.

There will be a trunk or treat on Wednesday, October 24th from 4-7 pm. Greater Beltsville Business Association (GBBA) Announces its Business Expo at Double Tree Hotel and Convention Center in Laurel

The GBBA Business Expo will be held on Saturday October 20th from 11:00am-3:00pm. It is open to everyone, including residents and businesses in the Greater Beltsville area and surrounding communities. Please bring a friend and join us!! This is a great opportunity for businesses in the area to display their products and/or services. We look forward to sharing with the community the terrific businesses within the GBBA and throughout the surrounding areas.

Please join us for a great networking event and showcase YOUR business! Tables are $35.00 for non-members and $25.00 for members. Please contact Craig Cooper for more information about upcoming events at 301.343.5584 or ccooper@ccciprinting.net. For info on GBBA events visit www.beltsvillebusiness.com.

ON THE AGENDA continued from page 1

6:30-7:30 pm at Beltsville Academy, 4300 Wicomico Avenue. This event is hosted by the Police District 6 COPS Unit. Come out, decorate your car, bring some candy and join in the fun!

There was a “Beltsville Civic Association” Facebook page that posted regular updates about the Citizen’s Association meetings but was not an entity of the Citizen’s Association. I received complaints about questions sent to that page that were not answered. Your questions were never forwarded to me. The page has been removed as of this column. The Beltsville News is our newsletter. They also have a Facebook page. The Association also uses NextDoor.com. In the future, we will have a Facebook page. If you still need answers to questions, you may have submitted to this page, see below on how to contact me to get answers.

Finally, have you joined NextDoor? If not, go to www.nextdoor.com, it’s a great way to keep up with what is happening in Beltsville. If you have a concern, please email me at karencoakley@msn.com or call 301.937.3490.

Neighbours in the News

National 4-H Hall of Fame Inductee hails from Beltsville

On October 19, Lynn Bladen Garland will be inducted into the National 4-H Hall of Fame in a ceremony at the National 4-H Center in Chevy Chase. Each state, along with the National 4-H Headquarters, National 4-H Council and the National Association of Extension 4-H Agents, can nominate but only fifteen people, from among the thousands who were 4-H members, volunteers, staff or donors are selected annually for this prestigious honor.

“Cedar Lane in Beltsville was a wonderful place to grow up in during the mid-fifties and sixties, and it certainly shaped me into the person I am today.” Lynn attended Beltsville Junior High and graduated from High Point in 1965. Active in both Girl Scouts and the Beltsville Girls 4-H Club from the time you could join to when you aged out of the programs, Lynn also was a member in the Beltsville Emmanuel Methodist Church and involved in the MYF youth group. Lynn graduated magna cum laude from the University of Maryland with a Home Economics Education major in 1969. All throughout her college years, Lynn worked in the Maryland State 4-H Office and did an internship in Carroll County during her junior year. She was involved in Collegiate 4-H, the DC area Farm City Youth board, many Dean’s advisory groups, and in many honorary groups including Motor Board.

After graduating from the University of Maryland, Lynn headed north to New Hampshire to become the Extension Educator, 4-H Youth Development in Rockingham County where she served 40 years. Her greatest pleasure in seeing 4-H youth develop skills and knowledge through the program becomes more competent and confident while striving to make their best better. By teaming with youth and volunteers, her county program was diverse and dynamic. Some of her favorites include favorite Foods Festivals, County and State Activities Days, Fashion Revues, Spaces Conferences, camps, career trips, Leadership Labs, Teen Travel groups, Teen Conferences and two big fairs.

Lynn was recognized by the National Association of 4-H Agents with the Distinguished Service and the Meritorious Service Awards. Lynn was selected to be in the first National 4-H Executive Development Institute and on the editorial teams for the National Financial Champions curriculum and the 4-H Stories from the Heart book. The 1999 Smithsonian Folklife Festival featured, New Hampshire, Romania, and South America and Lynn coordinated the NH Summer Camp children and family programs on the National Mall for 2 weeks.

Following retirement, Lynn and her husband Charlie enjoyed a few years of global traveling, but then she was called back to Extension after a 4-H Colleague was injured. So she stepped in to assist the Strafford County 4-H program for another 3 years. Her next phase of retirement was heading back to Maryland to stay with and care for her mother so she could have the last years of her life in the Cedar Lane home and neighborhood she loved. Lynn enjoyed getting recon- nected with the Women’s Club and the Methodist Church as well as walking along the Community Trail and at Brookside Gardens.

PLAYHOUSE

continued from page 1

from Friday, October 12 through Sunday Nov. 4.

The holidays Laurel Mill is going big with its production of Oliver! Oliver, based on the novel Oliver Twist by Charles Dickens, is a wild adventure through Victorian England. Young, orphaned Oliver Twist must navigate London’s underworld of theft and violence, searching for a home, a family, and most importantly for love. It features hit songs such as Food, Glorious Food, As Long as He Needs Me and Where is Love. This is a great musical to introduce the family to the magic and fun of live theater. This particular production has a special connection to Beltsville because Beltsville’s own Curt Sommers will be playing the lead role of Fagin. It opens on Friday, November 23 (the Friday after Thanksgiving) and runs through December 16.

Laurel Mill Playhouse is located in Historic Laurel on Main Street. The address is 508 Main Street, Laurel, MD 20707. Tickets are currently available for Spider’s Web at www.laurelmill-playhouse.org. Tickets for Oliver will be available soon as well. You can buy tickets at the door the night of the performance as well, but you are encouraged to buy them online to guarantee a seat (there is no fee for online sales).

Would you be smiling if this happened to your eyeglass frame?

Yes, if you wear frames from Flexon.

OKTOBERFEST

The arrival of autumn brings with it bright orange leaves, Redkins football and Oktoberfest celebrations. Fall is also a reminder that it is time to spruce up the exterior of your home. Keep in mind that there are only a couple of months left before dropping temperatures make it too cold to paint outside. Benjamin Moore Paints recommends that the painting surface be a minimum of 55 degrees for several hours when applying latex paint. Otherwise, the paint will not cure properly and may peel or crack.

The paint gurus at Will’s Decorating (www.decoratemaryland.com), Michael Richards and Valerie Kabelac are seasoned Benjamin Moore Paint pros. Will’s Decorating features the full line of Benjamin Moore paint colors as well as deck stains. The new Williamsburg colors offer a wide range of traditional shades that supplement the original historical colors. If you are feeling overwhelmed by the endless choices of colors or just want another opinion then see Michael or Valerie for a FREE personalized color consultation. According to Michael, “The most popular exterior colors are Richmond Bisque, Platinum Gray, Duxbury Gray, and Cottage Red.” If you prefer to stay neutral though, Valerie recommends ranging things up by adding a splash of color to the front door with either a bright yellow (336 Bold Yellow), a vibrant red (Heritage Red) or an electric blue (812 Blueberry Hill). Join the paint fest at Will’s and get 55% per gallon of Benjamin Moore Aura Exterior Paints with the mention of this article now through October 20th.

The Lomax Sisters Celebrate Fifty Years of Music Ministry

In the lyrics of gospel artist, the late André Crouch, Take me back, take me back dear Lord To the place where I first received you. Take me back, take me back dear Lord where I First believed . . .

On a warm “Indian Summer” evening in 1968, a hush falls over the members of the Queen’s Chapel United Church congregation as four sisters step up to the microphone and begin to sing “We’ve Come this Far By Faith” a cappella. Fast forward to 2018 and the four siblings—Sharon, Valda, Dorothy, and Lolethia—are still singing and praising the Lord in song. On Saturday, October 6, 2018, at 4:00 p.m., in the place where they started their spirit-filled musical journey—Queen’s Chapel United Methodist Church—the Lomax Sisters will be holding a Golden Jubilation Anniversary concert, celebrating fifty years of music ministry.

Lifetime Beltsville residents, in their five decades of music ministry, the Lomax Sisters have performed at numerous churches and other social events throughout the DMV. In 1984 the sisters competed in “The Kentucky Fried Chicken Gospel Competition, taking home first prize in the ensemble category. From the beginning of their journey, they received encouragement and support from their parents, family, friends, and church family. Please join them for this celebration of praise and thanksgiving. For tickets and information contact the lomaxsister@gmail.com or purchase tickets online at https://buygospel.com.

State-of-the-Art Hearing Aids

By Dr. Kathy Melott, audiologist

Hearing aids can help you hear better on the phone, watching TV, in a theater, and even in a noisy restaurant!

Latest technology computer-programmed hearing aids can now be customized based on the precise sounds you’re missing!

“Hearing Aids” have vastly improved! Maybe you’ve tried hearing aids in the past without much success or resisted “bulky” devices. Try again! There are discrete designs and breakthrough technology—not available even a few years ago! You’ll be amazed at the range of style features to suit your specific hearing and cosmetic needs. If you wear hearing aids, consider an exciting upgrade using our state-of-the-art hearing instruments and accessories.

Today’s miniature digital hearing aids produce better sound quality than ever before. These high-tech marvels are now hardly noticeable, and they’re so comfortable, you’ll want to wear them. New apps allow you to wirelessly stream your smartphone, laptop, and home entertainment system directly into your hearing aids, eliminating background distractions. Lift Your Mood! Super-Charge Your Social Life!

Consider how hearing healthcare solutions can enhance your hearing experience—and your life! Optimal hearing can help make you a more active participant—and may even boost your earning potential.

When hearing aids can help you hear a child’s soft voice, the sounds of nature, and enable you to become more socially engaged—honestly, what are you waiting for? Open your world of communication. See a doctor of audiology today for a hearing evaluation (usually covered by insurance) and get started with better hearing, better living.

Seven Fun Things about Your Police Officers in Beltsville

By Jason Inganga

The police department is a very important resource in any community. However, in Beltsville, we take things one level higher than other communities. Beltsville has shown appreciation to law enforcement in many ways. To get to know our local officers better, I will try each month to see if we can get the officers of District 6 to share some fun facts about themselves with us.

So here we go with Sergeant Erika Monroe. All I will type are the question and her response. No commentary from me.

1. High school attended: Potomac High School, Maryland
2. Favorite car: Aston Martin
3. Favorite meal: Anything seafood
4. Favorite sports team: Dallas Cowboys (I thought she would say Pittsburgh Steelers, lol)
5. Stranded on an island, the one item you cannot do without? Soap
6. Dream vacation spot: Bora Bora (Thailand)
7. What do you like best about being a police officer? The impact I have on people’s lives.

You get two police officers in this issue as Officer Danita Matthews was present, so I asked her the same questions.

1. High school attended: Ana costia (Washington DC)
2. Favorite car: One that works
3. Favorite meal: Anything sushi
4. Favorite sports team: Not a sports person
5. Stranded on an island, the one thing you cannot do without? Soap
6. Dream vacation spot: Bora Bora, Thailand (and, no, she did not hear Sgt. Monroe’s answer)
7. What do you like about being a police officer? The best part for me is being able to solve problems and see the appreciation that follows. It is a thankless job, but at the end of it all, one gets a good feeling. Hopefully, in November, we will get two more officers to share seven things with us.

A True Story Concerning the D.M.V (That’s Hard to Believe)

By Ivy Christoffers

On July 24, I was cleaning out my purse when I noticed my vehicle registration was expiring in seven days and realized I had not received my new registration application. I was concerned and gave some thought to just how I could remedy this situation. Alas! I will go through the internet. I decided. So, I booted up my computer and pulled up the Department of Motor Vehicles. I followed the prompts, inputted my tag, and was directed to stay on the page while the computer searched for it. Eight hours later, it still was searching, so I turned off the computer and decided I would make a trip to the Department of Motor Vehicles (DMV) in Beltsville the next day.

I arrived at the DMV at 2:45 pm on Wednesday afternoon. The line was very long, but I had no choice, so I entered the line of approximately 35 people. After I was in line for five minutes, a very nice young lady touched my arm and asked me to accompany her. She held the barrier up so I could step out of line and took me to the information desk, questioning why I was there. I related my situation to her and gave her my current registration, and she stepped away to check if there was a reason that I had not been sent a renewal. Three minutes later she was back and directed me to window #13 where a very pleasant man was waiting for me. He reissued my two-year registration and took my personal check in payment, and I walked out the door at 3:00 pm.

Can you believe it? Fifteen minutes at D.M.V. All through the years, whenever I have had to go to D.M.V. for anything, it has always been approximately a two-hour break in my day. Just goes to show you, miracles still occur on a daily basis. Alternatively, perhaps it was my silver hair and walking cane that prompted the special treatment. Whatever it was, I am very appreciative.

BELTSVILLE BRIEFS

continued from page 1

extra game cards, raffles, 50/50, pull tabs and “King Tut” available as well. All proceeds will benefit the Laurel Lions Foundation. It will take place at 8261 Brock Bridge Rd. Laurel, MD 20724. For tickets call Donna Culp at 301.490.1850 or 301.938.9838.

Telephone Scams and Robocalls

We all have telephones in our homes or pockets but this technology is abused by scammers to the point that many of us no longer want to answer our phones unless it is a number that we recognize.

Common Scams

I work out of my home and I get many phone calls every day. Only one or two of these calls are legitimate. Most are from people trying to scam me out of money or private information. Let’s look at the scams are encounter the most.

Credit Card Scams

I get several of these calls each day. Most begin with a robotic voice, “Hello this is Alice... asking me to hit one if I want to speak with someone or 2 to be put on the “do not call list”. The best course of action is to hang-up. Do not hit 1 or 2; just lift the phone and put it back on the hook. They are trying to steal your credit card data and get you to spend money on a service that you do not need.

IRS Telephone Scam

You receive a call from the IRS stating that you owe some amount of money to the IRS and it must be paid immediately or officers will come shortly to put you in jail. If you answer the call the instructions are often to go and purchase gift cards and meet an agent to accept the cards you purchased. Please don’t fall for this. The IRS does not call people; they send a registered letter by U.S. Mail. The call is always a scam and the gift cards will be sold for cash to benefit the scammers.

Tech Support Scams

Computer Tech Support scammers claim that they are from Microsoft or your computer manufacturer. They tell a story about messages from your computer claiming it has a virus and they want to help fix it. Fake steps are taken to demonstrate the problem trying to convince you to give them remote access. Once they have control they add their own malware to the computer. They insist that you need pay for them to remove the malware. Instead of repair they typically install fake repair tools and more malware. Do not fall for this! Remember that tech support doesn’t ever call unless you called them first. If your computer really does need repair, take it to a local repair company.

Other Common Scams

Calls for Back Pain or Pain Management are scams trying to use you to help them steal from Medicare and Medicaid. Vacation Scams try to convince that you have won a vacation prize for only $299. Most of these turn out to be flat out fraud. Time share scams either try to get you to sell your timeshare for an up-front fee or try to get you to purchase one for thousands that can often be purchased for a few dollars online. Duct cleaning companies call to offer a service that the HVAC industry says is not needed for most homes. These companies frequently have no valid local address and are not licensed by the state as required.

Protect Yourself

First and foremost, never fall for any reason, no matter how good the offer sounds give your credit card, banking, personal information, social security number, home address, or any other personal information to these callers over the phone. It is best to simply lift the receiver and hang it back up.

Now let’s look at how to limit or protect against these calls.

Do Not Call List

Make certain your numbers are listed on the government Do Not Call List. You can add your number and report scam calls at https://donotcall.gov. Legitimate telemarketers check numbers against this list before they dial a number and not call unless they can demonstrate a business connection to you as a customer. There are exceptions for charities, surveys, and politicians to make robo calls. Mobile phones and business lines are never supposed to be called unless you have given written permission. You can also add these numbers to the Do Not Call List.

Nomorobo

The Do Not Call List worked well for a while but is easily ignored by scammers who do not obey the laws. Technology can be used to block many scam calls. Nomorobo (https://www.nomorobo.com) is a service that blocks many scam callers after the first ring. Nomorobo only works if your phone service is provided by an Internet phone provider like Verizon Fios or Comcast. The service is free for most digital landlines and $2.00 per month for mobile phones. Unfortunately it does not work with Plain Old Telephone Service (POTS) over copper wire.

Android

Many recent versions of Android provide a setting a setting to automatically identify spam callers by showing a red background for scam calls so you can immediately refuse to answer. Android also allows you to block numbers through the call history list. A long press on a number will bring a menu and selecting Block from the menu will block that number from both calls and text messages.

Phone Apps

There are several phone apps that also block incoming scam calls to your mobile phone. Nomorobo has an app that works well for $2 per month. Hiyia is a free app for blocking calls on your mobile phone that has earned a good reputation. Both of these apps are available for Android and Apple phones.

Mobile Phone Service Providers

T-Mobile provides free services that can automatically identify or block most scam calls. These services do not require an app and can be enabled by following the information found here: https://www.t-mobile.com/resources/call-protection. AT&T offers an app to provide similar services for AT&T customers. Verizon allows manual blocking of a limited set of numbers and Sprint provides a limit blocking service for a $2.99 monthly fee.
Child care subsidies available
Delegates Barbara Frush, Josefeline Peña-Melnyk, Ben Barnes, and I were proud to support legislation this year to help with child care expenses in Maryland. The Maryland State Department of Education recently announced annual income limits for Maryland’s Child Care Subsidy (CCS) Program will increase dramatically. For a family of four, for example, that means a leap from $35,702 to $71,525. This translates to 65% of the State Median Income level. This change will help many more families access quality child care and early education programs. We still have more to do to make high quality child care accessible and affordable from birth to PreK, but this is an important start. For more information and to apply, visit this link: https://earlychildhood.marylandpublicschools.org/child-care-subsidy-program

100% pro-environment voting record for 2018
The Maryland League of Conservation Voters issued their report on the 2018 legislative session, and Delegates Frush, Peña-Melnyk, Barnes and I were identified as having 100% pro-environment voting records. We made good progress this year – including passing tough new regulations on offshore oil and gas drilling to protect Maryland’s shores. But there is much more to be done to fight global warming, combat Chesapeake Bay pollution, and protect our parks and open space right here in our community.

Vote early! Avoid election day lines
You don’t have to wait until November 6 to vote. You can vote at an EARLY VOTING center Thursday, October 25 through Thursday, November 1, from 10 am until 8 pm, at the College Park Community Center or the Laurel-Beltsville Senior Activity Center.

Home repair program for elderly in need – Nov. 1 deadline
“Christmas in April* Prince George’s County” is a non-denominational volunteer organization that repairs the homes of senior citizens who are low-income and/or physically challenged so they may live in warmth, safety, and independence. After months of planning and preparation, Christmas in April culminates in a one-day repair effort on the last Saturday in April. 78 homes were repaired in 2018 in Prince George’s County, and all repairs are free for the homeowners. The 2019 application, due Nov. 1, is available online at www.christmasinaprilpg.org or call 301-868-0937 with any questions.

WORDS
At the beginning they opened a way
Illuminating what followed each day,
Given as treasure to honor and prize
Every blessing of being alive.
Then, came the twisted, perverse, and defiled
Poisoning thoughts of an innocent child;
Soon what was meant to encourage and lift,
Selfishness stained in the use of this gift.
Throughout the years they have bred enough wrath
To destroy nations and all in their path.
Some were collected as means to provide
Wisdom, direction, in order to guide.
One, in particular, came from above,
By His perfection revealed truth and love;
Rose up in power to save by His name.
Sowing and reaping produces a yield
We all will harvest one day from our field.
Hearts are the fountain from which they are sprung;
Life and death dwell in the realm of the tongue.

Aboard Ballistic Missile Submarine, Laurel Native Keeps America’s Nuclear Adversaries at Bay

By Chief Mass Communication Specialist Bill Steele, Navy Office of Community Outreach

SILVERDALE, Wash.—A 2013 Laurel High School graduate and Laurel, MD, native is presently engaged in a critical mission for the security of the United States: deterring nuclear war.

Petty Officer 3rd Class Victor Fraser, a yeoman, is serving aboard one of the world’s most advanced ballistic missile submarines, USS Nebraska. Based at Naval Base Kitsap-Bangor in Washington, not far from Seattle, USS Nebraska is one of 14 Ohio-class ballistic missile submarines in the Navy’s fleet.

As a yeoman, Fraser is responsible for the crew’s administrative paperwork and support.

“A yeoman is a rate within itself,” Fraser said. “I enjoy the responsibility of helping out the crew and making sure everyone is getting paid and getting the awards they deserve.” Fraser draws from lessons learned growing up in Laurel.

“Patience is the key to everything,” Fraser said. “That’s something I picked up in Maryland.”

The Navy’s ballistic missile submarines, often referred to informally as “boomers,” serve as undetectable launch platforms for intercontinental ballistic missiles. They are designed specifically for stealth, extended patrols, and the precise delivery of missiles, and they are the only survivable leg of the nation’s strategic nuclear forces, which also include land-based missiles and aircraft.

As long as nuclear weapons remain in the hands of potential adversaries, the nation’s nuclear forces provide a safe, secure, and credible deterrent to the threat of nuclear attack. The Navy’s continuous at-sea deployment of submarines like USS Nebraska provides the ability to mount an assured response.

As effective as the Ohio-class submarines have been over their decades-long lifetimes, the fleet is aging, with the oldest submarines now more than 30 years old, well past their planned service lives. A new and effective successor is critical to national security, and the Navy is well into the process of designing and fielding a more advanced ballistic missile submarine, which will provide the necessary sea-based nuclear deterrence into the 2080s and beyond.

Submarine sailors are some of the most highly trained and skilled people in the Navy. The training is highly technical, and each crew has to be able to operate, maintain, and repair every system or piece of equipment on board.

Regardless of their specialty, everyone also has to learn how everything on the submarine works and how to respond in emergencies to become “qualified in submarines” and earn the right to wear the coveted gold or silver dolphins on their uniforms.

“The men and women from across our nation who volunteer for military service embody the fundamental values of honor, courage, and sacrifice that are the bedrock of our republic,” said Rear Adm. Blake Converse, commander, Submarine Group Nine. “They protect and defend America from above, below, and across the world’s oceans. The entire nation should be extremely proud of the hard work that these sailors do every single day to support the critical mission of the Navy and the submarine force.”

“The concept of being a submariner or being on a submarine, our stealthiness—being able to strike anytime, anywhere—is something that fascinates me,” Fraser said.

As a member of one of the U.S. Navy’s most relied upon assets, Fraser and other sailors know they are part of a legacy that will last beyond their lifetimes, one that will provide a critical component of the Navy the nation needs.

“I know that I am doing a job that the average person wouldn’t even think about doing,” Fraser said. “That’s something that keeps the ball rolling for those that have gone before me.”

Riderwood Couple “Make the Best Use of Their Lives”

Moving to Riderwood was one of the best decisions Melissa and Paul Pumphrey have ever made. The only thing that topped it was moving sooner rather than later—while they’re young, active, and able to take advantage of all the popular Erickson Living community in Silver Spring, MD, has to offer.

“There’s a tremendous amount of advantages to moving while you’re still active and independent—special trips, social activities, a softball team. A lot of people wait too long,” Mr. Pumphrey says. “There’s no reason to stay in a house you have to take care of. At Riderwood, you can live the fullness of your life.”

To help them with their decision to move, they asked themselves a vital question: “How can we best use our lives?”

After caring for her mother until age 100, the couple knew they valued socialization in answer to that question.

“When people are living by themselves, they are isolated. They don’t have a good, balanced diet. They don’t have interaction. Here, you can walk to a restaurant and have a good, wholesome meal with friends every day,” Mr. Pumphrey says.

When they discovered Riderwood nearly ten years ago, they knew they would get that and so much more. They value its worry-free lifestyle and the peace of mind it affords them and their children. “All our fundamental needs are here, and that helps us address anything we’ll need. We have a support system for the future should our health change.”

As he prepares for a trip to Haiti, where he’ll work with a group of small farmers to increase chicken egg production in an effort to aid the country’s economy, he says living at Riderwood enables him to do such charitable work. He can travel without worrying about the house or his wife’s safety. He doesn’t have to mow the grass or, in winter, shovel snow. That’s all included in the couple’s monthly service package, which covers most daily living expenses like utilities, amenities, property taxes, meal plans, trash and recycling collection at their door, 24/7 security and maintenance, and landscaping.

“I was more than happy to give my son my riding mower, my snow blower, and my gardening tools when we moved,” he laughs, adding that he still gardens at Riderwood. “People should move to Riderwood as soon as they can. You won’t be bored, and you won’t be frustrated because everything you need is here. I can walk to my bank, my convenience store, restaurants, the pool, and activities. All these things are super pluses,” Mr. Pumphrey says. “It makes common sense to live at Riderwood.”

As he prepares for a trip to Haiti, where he’ll work with a group of small farmers to increase chicken egg production in an effort to aid the country’s economy, he says living at Riderwood enables him to do such charitable work. He can travel without worrying about the house or his wife’s safety. He doesn’t have to mow the grass or, in winter, shovel snow. That’s all included in the couple’s monthly service package, which covers most daily living expenses like utilities, amenities, property taxes, meal plans, trash and recycling collection at their door, 24/7 security and maintenance, and landscaping.

“I was more than happy to give my son my riding mower, my snow blower, and my gardening tools when we moved,” he laughs, adding that he still gardens in Riderwood’s community gardens located on campus. “But we have shared, community tools, so I didn’t need to bring my own and store them.”

Aside from gardening and traveling, he’s active with the African American History Club and the campus TV studio.

Building Bridges with our Police Department

By Jason Inanga

Heeded by Sergeant Erika Monroe, there is a group of police officers based at the District 6 Station, Beltsville, of the Prince George’s County Police Department, who are very actively involved in creating a closer connection with the community in which they have been called to serve.

Community Oriented Policing Services, COPS, is a bridge between the Community and Law Enforcement. The COPS Unit goes out and does the face to face policing, addressing citizens concerns, and in the process frees up law enforcement resources to deal with other matters.

“Beltsville is part of a County-wide initiative,” pointed out Sergeant Monroe, as we sat in her office for a brief interview.

COPS overall is headquartered in the Community Services Division, located in Landover, Maryland.

They are actively involved in Community Meetings, the annual Toys for Tots program and also handing out food baskets to the needy. This is in addition to other police-related duties they have to deal with.

COPS also reaches out to the youth in the Beltsville and North Laurel areas, covered by District 6. This is done through the Explorer’s Program headed by Corporal Hibbert. The Explorers in Beltsville has one of the biggest programs in the County, with at least 100 members. This program is exclusively for young people in Middle School and High School. Younger children ages seven to nine years old can join a different club, Junior Investigators. However, there are certain requirements needed, which include good grades, among other things. Application forms and more details can be obtained through a brief visit to the Police Station located next to the Beltsville Public Library.

COPS in Beltsville has five officers assigned to it. Readers are encouraged to attend the Coffee Club meetings held on the first Thursday of every month at the Laurel Senior Center on Contee Road. Meetings start at 1 pm.

On a regular basis, Beltsville News will liaise with COPS, to provide information that will keep the channels of communication open.

University of Maryland Laurel Regional Hospital Receives Regulatory Approval to Proceed with Plans to Transform Health Care Services for the Laurel/Beltsville Area

Cheverly, MD (September 20, 2018) – Today, University of Maryland Laurel Regional Hospital received regulatory approval from the Maryland Health Care Commission to move forward with plans to transform and enhance the health care services offered in Laurel. The filing, called a Request for Certificate of Need Exemption, was submitted in April and laid out plans to transform the aging hospital into a new state-of-the-art health care destination offering services including but not limited to 24/7 emergency care, short-stay overnight care, outpatient surgery and enhanced outpatient behavioral health programs and services. The current building will house approved services until the construction of the new facility is complete.

The new facility, UM Laurel Medical Center, will represent a new model of care representing significant investment in more services to keep residents healthy in their community and avoid unnecessary inpatient admissions and emergency room visits. This model also allows for expansion of ongoing services including outpatient surgery and intensive outpatient treatment for patients with behavioral health needs, with a goal of reducing the need for hospitalizations.

Plans for the new facility represent recommendations from a multi-phase planning process that began in July 2016 when the University of Maryland System (UMMS), Laurel Mayor Craig Moe and other community leaders launched a Strategic Planning Work Group (SPWG) to address the future of health care in Laurel.

UM Laurel Regional Hospital’s current inpatient medical/surgical units and inpatient behavioral health services will soon be relocated to UM Prince George’s Hospital Center in Cheverly. Regulators had already approved the move of the existing chronic care and inpatient rehabilitation units at UM Laurel Regional Hospital to UM Prince George’s Hospital Center. The relocation of these units is projected to occur later this year.

Construction of the new UM Laurel Medical Center is expected to begin in winter 2019 and be completed in spring 2021. Significant private sector investment is also anticipated as the surrounding medical campus is developed. For more information on the project and renderings of the new facility, visit https://umcapitalregion.org/um-capital-laurel.

Club News

The Beltsville Young at Heart Club

The Beltsville Young at Heart club meets on the first and third Thursday of each month from 10 to 2. The first meeting is a business meeting with news, games, and friendship. This meeting is bring your own snack or lunch. The second meeting is entertainment and refreshments. There is a signup sheet for the Thanksgiving luncheon in November. Your 2018 dues must be paid to attend the luncheon, see Iris for dues. Make new friends they are blessings.

The Prince George’s County Genealogical Society

The Prince George’s County Genealogical Society (PGCGS) will meet on Wednesday, October 3rd at 7 pm. Speaker will be Sharon Hodges, her talk is entitled “Coming to America.”

Meeting location is New Carrollton Municipal Center, 6016 Princess Garden Parkway, New Carrollton, MD 20784 beginning at 7 pm. For details please visit our Facebook page: https://www.facebook.com/pggenealogy/...
College Park Post and Unit #217
Support Our Local Schools

By Ivy Christoffers

During August and September, The American Legion Auxiliary in College Park held our annual school supplies drive. Our members were very generous, and we delivered four large cartons of school supplies to Hollywood Elementary School. The Principal, Ms. Lee, Vice Principal, Ms. Speigel and the teachers were pleased to receive our donations valued at approximately a thousand dollars. This was our most successful school supplies drive ever. Our thanks go out to everyone who participated in this effort. Our schools need community support to supply the quality of education our children deserve.

Our Fall Big Show at the College Park lounge will be on Sunday, October 21st. Our very favorite entertainer Ronnie Dove will be once again singing his heart out for us, along with his sidekick Camron Robertson and the legendary Doug Lester Band. The show starts at 2:00 pm and tickets are only $30.00. A ham dinner will be available for $8.00. There will be a 50/50 drawing and a raffle for a basket of spirits, and I don’t mean the Halloween kind. Call Tina Zook for tickets at 301-935-5310.

The Fall Conference for the state of Maryland American Legion Auxiliary will be held at the Sheraton North on Powder Mill Road in Beltsville on October 5, 6 and 7. Conference Chairman Brenda Miller along with our State President, Linda Sarksian has been working for months to ensure our members an enjoyable and productive conference. It seems the hotel was sold during our negotiations; however, the new crew is working diligently to ensure we are satisfied. Veterans Day is fast approaching so make plans to attend a special service in your area. We will be at the Veteren Memorial Park located on the corner of Rte. 1 and Greenbelt Rd. at 11:00 am with lunch served following the ceremony. This is always a very meaningful day of remembrance.

Our Tuesday and Wednesday bingos are still great draws, our Friday night dinnerunos are beginning to pick up after the summer months, and our welcoming atmosphere is bringing in new members. How great is that!

If you have a special event on your schedule, why not give our clubhouse manager, Gary Kingerly, a call. He can take some weight off your shoulders.

Until next month, please keep on your schedule, why not give Kayla Agonoy a call. She can do anything in the land of the free because of the brave.

Beltville Garden Club
October Meeting “Grow Your Own Microgreens”

Please join us for the Beltville Garden Club’s monthly meeting on Wednesday, October 24 at 7:30 pm at the James Duckworth School, 11201 Evans Trail, Beltsville, Md.

Speaker Kayla Agonoy will explore how to grow microgreens in the home setting, to include creating the right growing conditions, sources for supplies, maintenance, and harvesting. Microgreens are easy to grow and packed with nutrients. Samples of ECO City Farms’ microgreens will be available for tasting. Join us for an informative, delicious and nutritious evening!

Kayla Agonoy is the Deputy Director of ECO City Farms, a non-profit educational urban farm in Prince George’s County. She is deeply connected to the communities of Riverdale and Bladensburg, where the ECO City farms are located, allowing her to connect her passion for the environment and food justice to her roots. She earned a degree in Biological Sciences from Salisbury University, and started her journey in urban agriculture with an apprenticeship at ECO City Farms, working alongside the farm manager on day-to-day operations. She now leads organization operations and youth environmental education.

The meeting is free and open to the public. Please bring a plant or plant-related item for the door prize table. Refreshments will be served after the meeting, and refreshment contributions are appreciated.

Rod Stewart Show and Other Upcoming Events at the College Park Moose Lodge

On Saturday, October 27 from 8:10–10:30 pm the College Park Moose Lodge will host The Ultimate Rod Stewart Show. If you like Rod Stewart music, then you don’t want to miss this show! Tommy Edwards has captured the wild hair and body language of the real Rod Stewart himself. Combining the image of Rod Stewart with sing-alongs, costume changes, and a great band, Tommy Edwards will win you over as a Rod Stewart fan! The show is $25 per person if you buy tickets in advance and $30 if you buy them at the door. Before the show, there will be an optional half chicken dinner served from 6:00-7:30 pm for just $12 per person.

On Saturday, November 10 the Lodge will hold its 8th Annual Fall Designer Purse BINGO to benefit the Miss College Park Scholarship Fund at the Moose Lodge. There will be raffles, pull tabs, food, 50/50 and specials. The doors will open at 4:30, the games begin at 6pm. Admission is $25 in advance or $30 at the door.

Johnny Seaton will return to the Lodge on Saturday, December 8 for the Johnny Seaton Christmas Show. You will see Johnny Seaton at his best singing Christmas songs as Elvis did! He will be accompanied by his spectacular band. Johnny is a sensational performer having starred in Las Vegas for many years; he puts his heart and soul into every song. He also sings the music of Tom Jones, Johnny Cash, Meryl Haggard and many others. This is a very special event every year at the Moose Lodge. There will be an optional pork loin dinner from 5:30-7:00pm for just $10.00. The live music and show runs from 7-10pm and is just $20 per person.

Ring in the New Year at the Moose Lodge on Monday, December 31 at their annual New Year’s Eve Celebration! Stay close to home and come celebrate New Year’s Eve with your friends and neighbors. There will be a Steak Dinner including dessert, The Dixie Wind Band will play your favorite tunes from 8:30 pm until 1 am and you will be treated to a midnight toast followed by a continental breakfast. You get all of this for only $14 per person for dinner and $20 per person for all the other festivities. These events will be held at the College Park Moose Lodge, 3700 Metzerott Road, College Park, MD 20740. They are open to the public. Tickets can be purchased at the Lodge during business hours. Call 301.935.5525 for more information.

Your Own Microgreens”

Combining the image of Rod Stewart with sing-alongs, costume changes, and a great band, Tommy Edwards will win you over as a Rod Stewart fan! The show is $25 per person if you buy tickets in advance and $30 if you buy them at the door. Before the show, there will be an optional half chicken dinner served from 6:00-7:30 pm for just $12 per person.

On Saturday, November 10 the Lodge will hold its 8th Annual Fall Designer Purse BINGO to benefit the Miss College Park Scholarship Fund at the Moose Lodge. There will be raffles, pull tabs, food, 50/50 and specials. The doors will open at 4:30, the games begin at 6pm. Admission is $25 in advance or $30 at the door.

Johnny Seaton will return to the Lodge on Saturday, December 8 for The Johnny Seaton Christmas Show. You will see Johnny Seaton at his best singing Christmas songs as Elvis did! He will be accompanied by his spectacular band. Johnny is a sensational performer having starred in Las Vegas for many years; he puts his heart and soul into every song. He also sings the music of Tom Jones, Johnny Cash, Meryl Haggard and many others. This is a very special event every year at the Moose Lodge. There will be an optional pork loin dinner from 5:30-7:00pm for just $10.00. The live music and show runs from 7-10pm and is just $20 per person.

Ring in the New Year at the Moose Lodge on Monday, December 31 at their annual New Year’s Eve Celebration! Stay close to home and come celebrate New Year’s Eve with your friends and neighbors. There will be a Steak Dinner including dessert, The Dixie Wind Band will play your favorite tunes from 8:30 pm until 1 am and you will be treated to a midnight toast followed by a continental breakfast. You get all of this for only $14 per person for dinner and $20 per person for all the other festivities. These events will be held at the College Park Moose Lodge, 3700 Metzerott Road, College Park, MD 20740. They are open to the public. Tickets can be purchased at the Lodge during business hours. Call 301.935.5525 for more information.

St. John’s to Host Women’s Retreat
“I Shall Not Be Moved”

The Episcopal Church Women of St. John’s Episcopal Church invite the women of the Beltsville community to its First Women’s Retreat on Saturday, October 27 from 9:00 a.m. until 4:30 p.m. “I Shall Not Be Moved,” is the theme of the retreat and the guest speaker is Dr. Charlene Monk, founder, and pastor of the New Horizon Christian Faith Outreach Church in Landover, MD and the Horizon Christian Faith Church of Woodbridge, VA.

The Retreat will feature a selection of workshops for participants. The registration fee of $25.00 includes a continental breakfast, lunch, and workshop materials. Women can register using cash on the day of the retreat from 8:15 a.m. until 9:00 a.m. at St. John’s (11040 Baltimore Ave., Beltsville, MD 20705) For more information, please contact the church office at 301.937.4292 or office@stjohnsbeltsville.org.

Emmanuel United Methodist Church Youth Group Hosts Community Halloween Party

Emmanuel United Methodist Church will be hosting a community Halloween party for children from pre-kindergarten to 5th grade on Sunday, October 28, from 2–4 p.m. There will be games, prizes, a costume contest, food, and more! The youth would like you and your family to join them for this fun and family-friendly event. Emmanuel is located at 11416 Cedar Lane, Beltsville, MD 20705. For more information, go to www.eumcbeltsville.com or contact the church office@eumcbeltsville.com or 301.937.7114.

Trunk-or-Treat Held Again This Year at Emmanuel UMC

Emmanuel United Methodist Church will be holding its annual trunk-or-treat this year on Wednesday, October 31, from 6:30-7:30 pm. During this time, children in the community and their guardians are invited to trick-or-treat cars parked safely in the church parking lot behind the church. Community members are encouraged to decorate their cars and pass out candy.

Trunk-or-treat was started in 2001 after the sniper attacks began around DC. During that terrifying time, children were not allowed to go out during recess, and many parents kept them inside once they got home. The members of Emmanuel felt that, with the safety of their parking lot in the back behind their buildings, they could provide an opportunity for the children to trick-or-treat safely. Each year, more children and their families come out and participate. The church community loves seeing the children in their costumes.

If you would like to hand out candy, please park your car between 5:45 and 6:15. From 6:30 until 7:30, the church asks that you don’t leave to ensure the safety of the trunk-or-treaters. The members of Emmanuel hope to see you and your family this Halloween!

Emmanuel United Methodist Church to Hold Annual Blessing of the Animals
On Sunday, October 7th at 2 pm, Emmanuel UMC (11416 Cedar Lane) will host its annual Blessing of the Animals service. It will take place in the front yard of the church. If it rains, it will be held inside the church building. Everyone who loves animals is welcome! If you have a pet, please bring the animal and have him/her blessed at the service. Please make sure that dogs are leashed, and that cats and smaller animals are caged or otherwise restrained.

Animal blessing is a special ceremony conducted in remembrance of St. Francis of Assisi and his love for all creatures. St. Francis considered animals to be his brothers and sisters, saying “All praise to you, O Lord, for all these brother and sister creatures.” In many families, their pet is like a member of their family. Animals experience emotions such as happiness, love, fear, or loneliness just like people do. They also build close emotional bonds with human beings.

Everyone in the community who loves animals is invited to participate in this event. Please join us for what is always a joy-filled occasion!

With today’s heightened financial awareness, consumers are being more practical, using the equity in their homes for what they need. If it’s time to remodel, pay for tuition, expand your business—a home equity loan makes sense.

Take advantage of:

- NO out of pocket cost or appraisal fees
- 30-day rate guarantee on qualified application
- Receive a $100 Home Depot® gift card on all qualifying amounts*

Hurry offer ends October 31st

800.952.PGCU | 301.627.2666 | WWW.PRINCEGEORGESCFCU.ORG/HOMEEQUITY

*APR= Annual Percentage Rate. Rates are based upon the appraised home value and the combined loan-to-value (CLTV) of the first and second mortgage as well as credit. Available on owner occupied primary residential properties and vacation homes in most states and the District of Columbia, except Alaska, Hawaii, and Texas. The home equity loan has a fixed rate that is a fully amortized loan for the life of the loan (no balloon payment). The Home Equity Line of Credit (HELOC) has a variable interest rate that is based on the Wall Street Journal Prime Rate and is subject to change quarterly. The monthly payment on a HELOC is 1.00% of the outstanding balance established and fixed at the time of each advance. The floor is 4.00%. The rate cannot increase or decrease by more than 2.00% in a calendar year, and the maximum rate is 18.00%. If the credit union pays the closing costs and the HELOC or Home Equity Loan is terminated within two years, the closing costs must be reimbursed by the borrower. All rates and terms are subject to change without notice and other restrictions may apply. Please consult your tax advisor on all tax matters.

**To qualify for the $100 Home Depot gift card, the home equity loan (2nd Trust) or the HELOC must have a minimum balance of $10,000 at the time of disbursement. All applications must be received by 10/31/18, and settled by 11/30/18. Home Depot is not affiliated with Prince George’s County Federal Credit Union. Contact us for details.
